Monday July 22, 2019

PUBLIC INVITED

R5/Summit Complex

455 N. 22nd St.,

Grand Junction, CO

12:00 pm to 5:00 pm

This Second Annual TechExpo19 is a celebration of the D51 teachers and our amazing students using various forms of technology within the District. It is an event open to all teachers, parents, families, community members, and businesses to display how Science, Technology, Engineering, and Math are methods to provide a positive influence on a student's future.

Attendees will be amazed at the expertise exhibited by students from all grade levels. This event will allow students and teachers to share ideas and successes from their campus, while also demonstrating the role technology plays in classroom learning
